proceeding toward Hohenlobbese. Another column of four trucks, [REDACTED] each carrying 12 soldiers wearing red-bordered black epaulets armed with small arms, and each towing a 122-mm field howitzer followed a short time later.

4. On 23 May, between 50 and 60 trucks parked in the open in the eastern section of the filling station of the ammunition depot.

\* [REDACTED] Comment. Units which left Altengrabow during the period from 27 May to 10 June included:

On 27 May. Presumably two shipments of the AAA units of the 9th Gds Tank Div, probably of the 121st (?) AAA Regt to Neustrelitz. The shipment of 122-mm AA guns cannot be accounted for in spite of the fact that [REDACTED]

25X1

On 28 May. Components of the 31st AAA Div, probably to Boetzow-Schoenwalde.

On 30 May. AAA units of the 19th Gds Mecz Div, probably of the 2503d Gds AAA Regt (US).

On 31 May. AAA units of the 57th Gds Itz Rifle Div, probably of the 932d AAA Bn (US), presumably to Lindel.

The departure in four shipments of the last mentioned unit including a total of 55 AA guns is improbable, especially as only one shipment of this unit was detained in Altengrabow in late April 1958

\*\* [REDACTED] Comment. Elements transferred to Altengrabow during the period from 5 to 12 June included:

On 5 June. Components of the 13th AAA Div and AAA units of the 7th Gds Tank Div, probably of the 287th Gds AAA Regt.

On 6 June. AAA units of the 2504th Gds AAA Regt (US) of the 20th Gds Mecz Div.

On 12 June, Two SP guns of the 71st Gds Recz Div and an AAA unit of the 19th Gds Recz Div.

Available information indicates that all shipments [REDACTED] were reported previously. Two shipments of rocket launchers, one from [REDACTED] and one to Glauchau conflict with previous information on Glauchau, as only the 220th Hvy Tank SP Regt of the 18th Gds Army is carried there. It is believed that although details concerning number of guns, calibers, destinations [REDACTED] do not agree with available information, [REDACTED]
